Message from Presidents

Doug and Jan Bergesen

I'm sure by now you have heard that someone who went to the dance Saturday in Tool was diagnosed with covid on Monday. I contacted the club to see if they took temperatures before the dance. They did ask everyone about temperature, but they did not physically take their temperatures. To put your minds at ease, I have already gotten one of those temperature guns to point to your forehead before you can enter the dance! Another thing to put your minds at ease is our own President Trump. As you know, he had the virus. But using an amazing medicine, he was well in a couple of days! Now you may be saying, "Sure, he's the president and has access to it." But the good news is that he is making that same medicine and another one like it available right away to all the hospitals! So don't let the China Virus make you live in fear! Take normal precautions, but enjoy every day you have.

Jan and Doug Bergesen

Virtual Square Dance

Tom Evanto

The VSD activity continues to grow with more opportunities being added in recent weeks. Many VSD's are two couples (with one phantom couple). Some full square VSD's are also available. Basic (social club level), Mainstream, Plus, Advanced, and Challenge level can be found. Many are scheduled to avoid conflicts with other VSD's at the same level. There are also some "special events" planned. One recent 3-hour special event featured 11 different callers and 2 cuers.

The resources available to find the VSD's also continues to grow. Here are some places where you can find information about virtual dancing. Please do not post ZOOM links out there in social media or other online forums. Thank you.

** always check ahead to be sure about the time zone for the dance you've selected, so you don't miss it in "your" time zone. <https://www.asrda.org/announcements>

This will mostly carry Mainstream and Plus VSD events.
